

Project Report (Milestone 1 Progress) [10 points]

Deadline:- 11/7/2017 (11:59 PM)

(All submissions should be in your gitlab inside your project folder and the report should be a pdf file)

Please give a rough description of how many web pages you have completed and how many are pending for the milestone1.

Please provide a screenshot of the webpages you have designed and make sure all your websites are pushed to git and Loki. While submitting the report please mention the Loki URL. I will be using your Loki URL to evaluate your project report grades.
